

► MOVING TARGET QUALIFICATION TRAINING ► P.O.S.T REQUIREMENTS

Elite Base Package

MotoShot Elite Base Package will add a whole new level of difficulty and realism to a firearms training program. MotoShot Robots can navigate inside and outside of buildings and easily traverse over rough range terrain.

The Elite Base Package is the ideal solution for Departments interested in meeting P.O.S.T requirements for training with moving targets, while also looking towards the option of adding additional dynamic training accessories in the future.

Elite Base Package includes:

- MotoShot ELITE Standard Target System with fully enclosed chassis which protects all components from errant rounds, handgun rated
- Digital remote with variable speed forward, reverse, and zero-turn radius
- Standard target bracket for paper and cardboard targets
- Quick Exchange Rechargeable Battery Packs and Quick Connect Battery Charger
- Includes pre wiring for future addition of Hit Reactive Targets
- Optional pre wire for other future accessories is available upon request.

► IMPROVE MARKSMANSHIP ► ANTICIPATE TARGET MOVEMENT

Elite Reactive Package with optional Auto Lift

MotoShot Elite Reactive Package will elevate your training program beyond basic qualification training to dynamic and reactive and realistic scenario training. Create random, lifelike movements of a threat target and decision making drills.

Package includes:

- All of the Elite Base Package **PLUS**
- 3D Life-sized and incredibly realistic plastic target with arms
- Integrated Hit Reactive Sensing System
- Live-fire and less than lethal Hit Reactive Sensor
- Electromagnetic Fall Bracket with Cantilever Control Fall with optional Auto Lift
- Foam threat and 2" x 4" Target Post

▶ DECISION MAKING

▶ THREAT IDENTIFICATION

Elite DMT Package

MotoShot Elite DMT Package enables the trainer to teach the practical application of target identification, threat recognition, shoot/no-shoot, and deadly force decision making. Simulations that are reflective of the conditions that officers would face in reality will better hone the officer's skills for the real thing.

Elite DMT Package includes:

- All of the Elite Base Package **PLUS**
- Dedicated DMT Bidirectional Target Turner
- Integrated power for DMT Target from the robot power supply
- Programmed activation via DT3 on robot remote
- Does not include wood uprights, backer or paper target

Delivered color is black
